

# PARTNERS AND SPONSORSHIPS

The Indie Summit has never been a “pay-to-play event”, but we do encourage carefully chosen service providers with something new and different to say to independent agencies, to join our Summit. We have a very limited number of speaker slots available and also some packages which include meeting opportunities rather than appearances on the main stage.

Below are some examples of companies who have joined us more than once – so presumably, they found good value in it. Costs range from £500 to £2500. Please contact [julian.boulding@thenetworkone.com](mailto:julian.boulding@thenetworkone.com) or [alfie.buisson@thenetworkone.com](mailto:alfie.buisson@thenetworkone.com) if you are interested in being considered.
